

WHAT IS CLAIMED IS:

Sub
21

5

1. A method of maintaining a website, the method comprising:
providing electronic help on a website;
collecting usage data from the electronic help; and
providing at least one report, said report being indicative of the usage
data.

10

2. The method of maintaining a website of Claim 1, further comprising
modifying the website based on said report.

3. The method of maintaining a website of Claim 1, wherein said report is
generated automatically upon receipt of usage data.

15

4. The method of maintaining a website of Claim 1, wherein said usage data
includes a user browser type.

5. The method of maintaining a website of Claim 1, wherein said usage data
includes a user address.

20

6. The method of maintaining a website of Claim 1, wherein said usage data
includes a requested help topic.

25

7. A system for website help, comprising:
a tracking module adapted to track and log movements of a user in a help
environment;
a recording module adapted to record information pertaining to the user
and to the movements; and
a reporting module adapted to report usage of the help environment.

30

8. The system for website help of Claim 7, wherein said recording module is
further adapted to record a user browser type.

9. The system for website help of Claim 7, wherein said recording module is
further adapted to record a user address.

10. The system for website help of Claim 7, wherein said recording module is further adapted to record a requested help topic.
